SUMMARY

B.Tech Computer Science Engineering student with hands-on experience in full-stack development using Java, ReactJS, and the MERN stack. Proven ability to build scalable, responsive web applications including portfolio, quiz app and weather app. Passionate about developing impactful, user centered digital solutions. Actively seeking Frontend or Full Stack Developer roles to apply modern web technologies and contribute to real-world projects.

EDUCATION

G L Bajaj Group of Institutions

B. Tech in Computer Science Engineering
SGPA 7.55

Mathura, Uttar Pradesh

Sep 2022 – June 2026

Bharat Bharti Inter College

Intermediate (12th)
Marks: 81%

Bhadohi, Uttar Pradesh

Apr 2020 – Mar 2021

TECHNICAL SKILLS

- **Programming Languages:** Java, Python, JavaScript, SQL (Postgres SQL), DSA
- **Tools:** Git, GitHub, VS Code
- **Framework/Libraries:** React, Node.js, Express.js, Tailwind CSS
- **Database:** MySQL, MongoDB
- **Soft Skills:** Analytical Thinking, Problem-Solving, Team Collaboration, Leadership
- **Frontend:** ReactJS, Tailwind CSS, HTML5, CSS3, JavaScript

PROJECT EXPERIENCE

Personal Portfolio

- Built a modern, responsive personal portfolio using **HTML, CSS and JS modules** to showcase projects and skills.
- Implemented smooth scrolling, dynamic project filtering, and contact form functionality.
- Focused on clean design and accessibility to provide an engaging user experience.
- Link: github.com/Gauravgupta256/My-Portfolio

Quiz App

- Developed a dynamic quiz application with customizable categories, question counts, and timers using **React and Semantic UI React**.
- Integrated API-based question fetching, result calculation, and offline mode support.
- Emphasized user engagement through interactive UI and smooth state management.
- Link: github.com/Gauravgupta256/quiz-app

Weather App

- Created a weather forecast app using **React and OpenWeatherMap API** to fetch real-time weather data.
- Developed features including location-based weather, 5-day forecast, and responsive design.
- Focused on delivering a clean, visually appealing interface for quick weather insights.
